Dear Mary:

It was nice to hear from you, although I am sorry the letter has to be such an unhappy one. I have talked to James, and he seems very anxious to do what he can for you. He has asked me to take \$20.00 of his money each pay (twice a month) and send it directly to you.

I wish he would get in better condition so he could make a bigger salary, and be able to send you more. He has not been too well, but I think he is coming along now.

Do you have any pictures of the baby? If so send me one, I would like to see it. I do hope you are both well.

Let me know if you receive the money.

Very Truly Yours
